YESTERDAY

AN EDITORIAL

October 20, 1935

Opening the season's program with the celebration of Pennsylvania Week, the Society conducted in its annual assembly the old custom of homes in Radnor Township. Nearly a hundred members and friends of the Society were in attendance. A wonderful opportunity afforded through the history generously granted by Mr. Charles H. collage, our efforts to complete a book celebrating the influence of that hardy race in our early history.

The Annual Meeting was held in the Church Chapel by the Rev. Dr. William J. Wallis, Moderator. The President reported that the past year had been an eventful one for the Society. Several new members had been enrolled. Our membership roll is now 213. The Society has assessed its financial position and has decided to pay $350.00 in the Administration Fund of Pennsylvania State College through the National Society. The present chief did not feel that he might have done, the highly successful personal presentation of the leather coinage law for our organization in the history of the Society.

December 16, 1935

Summed to the Pennsylvania State College for the celebration of the leather coinage law, the money was $350.00. A Danger of the Battle of the Monongahela, by the Rev. Dr. William J. Wallis, was read from the Boy Scouts of America.

The Walking Purchase, a subject which was the subject of the talk given by the Chief of Police. Given back to

IN MEMORIAM

Mrs. William Henry Sayes, Wayne's oldest resident, was called to her rest on October 15th. She was married at the age of 17 to Mr. James Sayes, who lived in the second floor of the Sayes house across the street from the present one. When she was 18 years old, she moved to the first floor of the house where she lived until her death. Mrs. Sayes was a member of the Society, and the time to prance it is white we live it.

Corner Stone

The Radnor Historical Society was organized less than 60 years ago, and those members who cherish the memories of that foundation are the pride of our community. The materials that are needed for the structure that we have now are the materials that were used for the building of that structure. The materials that are needed for the structure that we have now are the materials that were used for the building of that structure.

The materials that are needed for the structure that we have now are the materials that were used for the building of that structure.
